

# Introducing FAMB2

A comfortable positive pressure airline respirator, Bullard FAMB2 presents a simple means of supplying clean air to workers. Available with both pressure demand and continuous flow approvals, FAMB2 provides a continuous airflow to workers operating in environments that are contaminated with dusts, mists, gases and vapors.

## Original FAMB vs. FAMB2

Yes	<b>Separate mask for fit testing</b>	No
APR, CF, PAPR (EVA)	<b>NIOSH Approved respirator use</b>	CF, PAPR (EVA)

# Introducing FAMB2

Bullard is announcing the discontinuation and obsolescence of the FAMB Series Half Mask Respirator with the replacement of the FAMB2 Series. Orders for the FAMB Series will continue to be fulfilled as long as supplies last but, inventory of some SKUs are very limited. Customers will automatically be transitioned to the new FAMB2 Series once the original inventory is depleted. Orders will not be mixed with old and new to ensure compatibility. Thank you for your continuing support of our company. If you have any questions concerning this product discontinuation, please contact Bullard Customer Service at 877-BULLARD.

## Parts Conversion from FAMB to FAMB2

FAMB	FAMB2	Description
<b>Respirator System</b>		
FAMBSYS	FAMBSYS	FAMB235M, EDP10 Free-Air® Pump, V20100ST air supply hose
