

# COATING EQUIPMENT

# INTRODUCTION

## THE MARCO DIFFERENCE

### **Industry Experience**

With Marco on your team, you have access to expertise which can only come from over 65 years of industry leadership. We have organized our engineering department, production specialists, customer operations, and safety support into a “Center of Competence.” As a Marco customer you have access to hundreds of years of cumulative experience related to your operations.

### **Manufacturing Capabilities**

Marco is a U.S. based, ISO 9001:2008 certified manufacturer of equipment for the Surface Preparation and Protective Coatings industries. Marco’s engineers benchmark the industry to ensure that we design and manufacture superior products that have a quality and productivity advantage in the marketplace. Marco manufactures products that set the “Gold Standard” for performance, safety, and quality.

### **Legendary Customer Service**

We understand the demands of today’s intense working environment. Marco’s legendary customer service team is staffed by friendly, highly-trained individuals who are focused on providing the highest level of product support, order accuracy, and customer satisfaction.

### **Product Availability**

We stock over 10,000 SKU’s and have over 45 shipping locations to serve North American and International markets. In addition to Marco products, we stock components for all major brands of blasting and painting equipment. As the largest provider of surface preparation and protective coatings equipment in the world, our inventory levels are unmatched. Product availability is a cornerstone of our legendary customer service. You can count on Marco to have the inventory you need to keep your operations up and running.

### **Logistics Services**

Marco’s in-house logistics team is dedicated to moving your shipment anywhere in the world. Let Marco’s logistics team take the hassle out of moving your freight. We move over 14,000 truckloads every year, allowing you to save on freight costs by leveraging our buying power. Lower your process costs with a single invoice, which includes product and freight. You can count on Marco for your logistics solutions.

### **Technology Leadership**

Marco’s “3 Net Strategy” ensures access to timely and accurate information. Our Internet provides: Operator’s Manuals, Part Numbers & Schematics Guides, MSDS information, and Features & Specifications Guides, providing access to information 24/7. Our Extranet application allows you to receive quotes and place orders online. Our Intranet maintains a complete record of your purchase history to assist with ongoing support of your existing equipment and future purchasing decisions.

# AIRLESS SPRAY GUNS

Marco offers a wide range of airless spray guns from Graco®, Titan®, Binks®, and Wagner®, including:

Graco Contractor, FTX™, Flex Plus, Silber Plus Spray Guns  
Graco XTR™ 7 and XTR™ 5 Guns  
Titan RX-80™ and S-7 Spray Guns  
Wagner G10XL Spray Guns  
Binks 75 Spray Guns

# AIRLESS SPRAY HOSE, FITTINGS & ACCESSORIES

Marco has a large in-stock inventory of airless spray hose, fittings and accessories, including:

- Airless high pressure hose
- Airless spray hose hex nipples
- Airless spray hose swivel couplings

# AIRLESS SPRAY PUMPS

Marco offers a wide range of airless spray pumps from Graco, Binks, Titan, including:

Graco King® Series  
Graco E-Xtreme® Series  
Graco Merkur® Series  
Graco Bulldog® Series  
Graco President®  
Graco Monark®  
Binks MX Series  
Titan Powrcoat Series  
Titan Impact Series  
Titan Hydra Series

# COATING AGITATION SYSTEMS

A drum agitation system is used to pre-condition coating components in a drum. The Spraymaster® Elevator Agitator - 55 Gallon (220 Liter) Drum uses a pneumatic-driven agitation paddle to efficiently blend coating components using a high-torque gearbox. The agitation system and controls are mounted on a heavy-duty drum cover. The drum cover is mounted to a pneumatic lifting device to raise and lower the assembly from a drum.

- Industrial-strength mixing blade
- Maximum torque delivery
- 4 horsepower air motor
- 20:1 gear box
- Heavy-duty drum cover
- Pneumatic lifting device
- Integrated inspection hole

# AIR SPRAY GUNS

Marco offers a wide variety of conventional spray guns from Finishing Brands, Graco and C.A. Technologies.

## Finishing Brands

MBC-510 Spray Guns  
JGA-510 Spray Guns  
2100 Spray Guns  
7E2 Spray Gun  
Model 95  
M1-G  
EGA-503  
FLG  
Mach 1  
Compact  
EXL  
GTI  
JGHV  
Trophy

## Graco®

AirPro  
Finex2

## C.A. Technologies

Lynx  
Panther  
Tomcat  
Jaguar

# AIR HOSE, FITTINGS & ACCESSORIES

Marco offers a variety of in-stock conventional spray hose, fittings and accessories, including:

- Spraymaster® Specialty Air Hose
- Spraymaster® Heated Hose Bundle
- Threaded Metal End Couplings & Gaskets
- Swivel Couplings and Gaskets for Air Hose
- Hammer Lock Fittings
- Boss Clamps
- Air Hose Gaskets
- Air Hose End Fittings
- Spraymaster® Conventional Fluid Hose

# PAINT TANKS

Marco offers a variety of brands of conventional spray pots, including:

## **Binks® and DeVilbiss**

Binks® Conventional Paint Tanks  
Conventional Pressure Feed Cups  
Conventional Suction Cups

## **Finishing Brands**

PT - Zinc-plated  
ASME certified - Galvanized plated  
ASME certified - Stainless Steel Pressure Cups  
Siphon Cups  
Gravity-Feed Cups

# FINISHING SPRAY EQUIPMENT

Marco offers a variety of brands of finishing spray equipment from Graco®:

- Supplies up to 35% extra air flow to gun for superior atomization
- Saves material and time during flushing, priming, and color changes
- Delivers a consistent spray pattern and uniform film thickness
- Sprays a wide variety of material viscosities
- Reduces operator fatigue

# GRACO® PFP SPRAYER SYSTEMS

Passive fire protection (PFP) coatings make structures more resistant to fire by insulating structural steel from high temperatures and as a result, buy time for the evacuation before structural collapse. The Graco XM™ PFP Plural-Component Sprayer offers data reporting technology, so you can confirm that epoxy intumescent coatings are sprayed on-ratio, at requirements set by the manufacturer. The XM PFP is easy to use, maintains consistent temperature control and offers precise ratio control. Typical applications include pipe racking, structural steel, storage tanks, and oil rigs.

- Continuous on ratio spraying
- Save time with a quick start up in less than one hour and ratio checks
- in less than 90 seconds
- Monitor, track and collect all spray data

# COATING AGITATION SYSTEMS

Coating Agitation Systems are used to pre-condition coating components in a drum or bucket. Mixing blades blend liquids and solids in a container to prepare them for use.

- Available for 55 gallon (208 liter) or 5 gallon (19 liter) containers

# SPRAYMASTER® HEATED COATING TANKS

Heated coating tanks are stand-alone or integrated tanks to a plural component spray system. The Spraymaster® Heated Coating Tanks store and heat coatings, retaining them at a consistent temperature to increase viscosity and reduce waste. Typical applications include bridges, pipeline, storage tanks and water towers.

- Available in 60 gallon (240 liter) or 25 gallon (100 liter) sizes
- 5:1 or 10:1 feed pump optional
- Stainless-steel lined
- Wet coated exterior finish

## PLURAL COMPONENT SPRAY SYSTEM ACCESSORIES

Marco offers a wide variety of special order and in-stock plural component spray system accessories.

**Electric and Hot Water  
Heated Hose Bundles**

**Power Blanket**

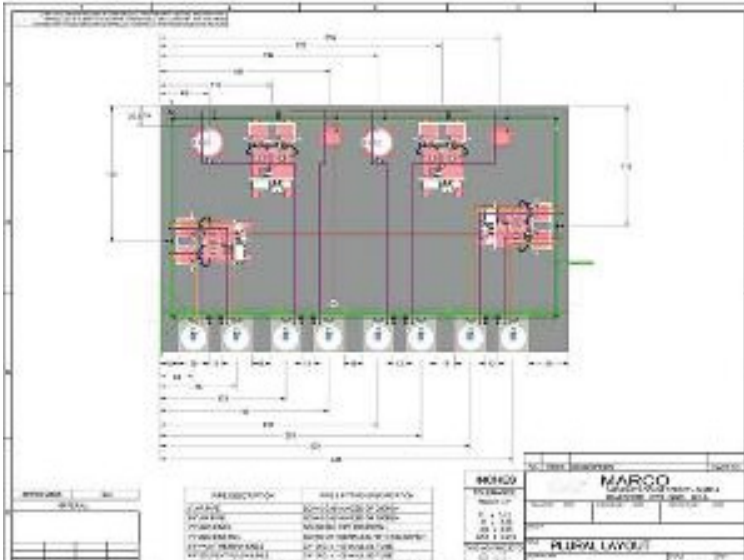

**Drum Heaters**

**Gun Splitters**

# PAINT KITCHENS

Marco offers customized paint application equipment layouts including easier maintenance and access designs for any application. Designed to match spray applicator configurations to coatings requirements, including full design, engineering, installation and maintenance services.

Controlled environment and work flow  
OSHA and fire code compliant work area  
Improved cycle times and product quality  
Increase productivity with faster curing

# PASSIVE FIRE PROTECTION SPRAYERS

Passive Fire Protection (PFP) coatings make structures more resistant to fire by insulating structural steel from high temperatures and as a result, buy time for the evacuation before structural collapse. Marco offers a wide variety of Graco® Passive Fire Protection Sprayers for multiple applications.

**Graco® XM™ Passive Fire Protection Sprayer**

**Graco® Xtreme® Passive Fire Protection Single Component Sprayer**

# SPRAY BOOTHS

Marco offers a variety of paint booths, including open-face industrial booths, auto and truck, and large commercial booths. Paint booths are available with or without temperature control for both comfort heat and curing.

Controlled environment and work flow  
OSHA and fire code compliant work area  
Improved cycle times and product quality  
Booths are well lit, providing better visibility  
Increase productivity with faster curing

# PAINT SUNDRIES

Marco offers a variety of paint sundries, containing many items that are necessary for paint jobs big and small.

Band Heaters	Poly Sheeting
Buckets and Lids	Power Blanket
Duct Tape	Rags
5-in-1 Scraper	Testex® Tape
Jiffy Mixers	3" Bent Scraper
Paint Agitators	Wire Brushes
Paint Bucket Grids	
Paint Strainer	

# BRUSHES & ROLLERS

Marco stocks a wide variety of brands and styles of paint brushes, rollers and utility tools, including:

- Armorflex Wiz-Type Roller Covers
- Armorflex Torel Roller Covers
- Armorflex Professional Poly/Wool Roller Covers
- Armorflex Pressure Roller Covers
- Testex® Tape
- Wire Brushes
- 5-in-1 Scraper
- 3" Bent Scraper
- Paint Bucket Grids
- Armorflex Wiz-Type Snap-on Roller Frames
- Standard Roller Frames
- Armorflex Professional Series Roller Frame
- Import Chip Brushes
- Premium Bent Radiator Brushes
- Nylon Flat Sash Brushes
- Nylon Angle Sash Brushes
- David Master Utility Brushes
- China Flat Sash Brushes
- China Angle Sash Brushes

# INSPECTION EQUIPMENT

Marco offers a wide variety of brand and types of inspection equipment, including:

- Surface Inspection Equipment**
- Coating Inspection Equipment**
- Atmospheric Inspection Equipment**

# SUPPLIED-AIR PAINTING RESPIRATORS

**Bullard® Supplied-Air  
Painting Respirators**

# GENERAL PURPOSE RESPIRATORS - NOT FOR ABRASIVE BLASTING

**North® Respirators**

**MSA® Respirators**

**3M® Respirators**

# CO MONITORS

A carbon monoxide monitor continuously samples compressed breathing air to alert operators to the presence of harmful carbon monoxide (CO), an odorless, tasteless, colorless gas. Marco offers a variety of CO Monitors with audio and visual alarms to notify operators when CO levels exceed the allowable level, as required by OSHA 29CFR 1910.134.

**Barricade® Carbon Monoxide Monitors**

**RPB® GX4® Gas Monitors**

**Bullard® Breather Boxes**

**MST® Respiratory Protector**

# AIRLINE FILTERS

Marco offers a wide variety of airline filters from manufacturers including Marco, Bullard®, RPB®, and Clemco. Airline filters remove particulates like oil, odor, and organic vapors from compressed air before delivery to a supplied-air respirator.

**Barricade® 286-Series Airline Filters**

**Bullard 41-Series Airline Filters**

**RPB Radex® Airline Filters**

**Clemco CPF-Series Airline Filters**

# AMBIENT AIR PUMPS

Marco offers a wide variety of ambient air pumps from Bullard to increase productivity and enhance safety. Ambient air pumps supply air for air-fed respirators approved to operate at 15 psi or less. Grade D breathing-air input required.

**Bullard ADP20  
Free-Air Pump**

**Bullard EDP10  
Free-Air® Pump**

**Bullard EDP16TE  
Free-Air Pump**

**Bullard EDP16HAZ  
Free-Air Pump**

# BLASTMASTER® ABRASIVE BLASTING SUITS

**Blastmaster® Abrasive Blasting Suits**

Blastmaster® Abrasive Blasting Suits are made with high quality material to keep you safer and more comfortable during all of your blasting jobs.

## **Red Ultralite Abrasive Blasting Suits**

- Lightweight for use with mineral, slag and non-ferrous abrasives

## **Leather Abrasive Blasting Suits**

- Ideal for use with aluminum oxide, carbon steel shot or carbon steel grit

# BODY TEMPERATURE MANAGEMENT

Marco offers a wide variety of body temperature management equipment from manufacturers including Bullard and Air Systems.

**Bullard® Isotherm Cooling Vest**

**Bullard DC50 Dual-Cool Cooling Vest**

**Air Systems® Cool-Box™**

# PERSONAL PROTECTIVE EQUIPMENT

Marco offers one of the widest range of personal protective equipment available in the industry. Our range of products are sourced from the major safety equipment manufacturers and are typically in-stock and are available to ship same day.

**Eye Protection**

**Fall Protection**

**Foot Protection**

**Paint Suits & Protective Clothing**

**Hand Protection**

**Head & Face Protection**

**Hearing Protection**
