

# RPB® T-Link® Respirator

## Enhancing safety.

The RPB T-Link has been designed to move with you, not against you. With your comfort and ability to perform your role our main focus, the T-Link revolutionizes how you work, promoting your health and safety.

Your ability to see has been at the forefront of our design process, with the T-Link boasting a large visor that enables you to easily connect to your surroundings. This is further supported by our Tyvek® hood that securely attaches to the headtop, ensuring your downward and peripheral vision is never compromised.

Equipped with a padded head liner and head suspension system, the T-Link's weight is evenly distributed, relieving you of aches and strains on your neck and shoulders. Being fully adjustable ensures a customizable and secure fit for all head sizes, maximizing stability and ensuring the respirator always moves with your head. Our innovative design ensures you have an unrestricted range of movement, so you can focus on your job at hand.

### The T-Link offers the user superior protection in all key areas:

Protecting you for life's best moments.

## Features & Benefits

Air flow and distribution is fully adjustable with the air deflector system to suit personal preference. ■

Large viewing window for exceptional downward and peripheral vision allowing for both verbal and non-verbal communication. ■

Optional peel-off lenses are available to protect visor lens and to quickly clear your field of view.

Fixed lens frame ensures the lens will never hit your nose or optical aids being used. ■

Soft, breathable inner-bib and long tuck-in collar for extra protection and upper body air flow. ■

All parts can be purchased individually for easy maintenance and servicing.

Protecting you for life's best moments.

■ Deconable head suspension system and disposable hood.

■ Padded interior with adjustable ratchet system ensures a perfect customized fit that supports with user movement and increasing comfort.

The optional Comfort-Link™ system provides extra comfort and stability providing optimum weight distribution..

■ Breathing tube easily attaches to respirator and swivels to eliminate tangles. Centralized location ensures even weight distribution.

■ Two cape materials available: DuPont™ Tychem® 2000, DuPont™ Tychem® 4000. Tychem® breathing tube cover available to increase the life and cleanability of the breathing tube..

## **⚠️ WARNING** PRODUCT SELECTION

- 1. Determine what type of protection is required for your activity.** As applicable, check your workplace safety program, respiratory protection program, and standards and regulations for your activity or industry.
  - 2. Check product specifications.** Contact RPB® or check the product instruction manual (downloadable from [rpbsafety.com](https://rpbsafety.com)) for complete specifications, including approvals, standards, and regulations to which the product conforms.
  - 3. Make sure you have a complete system.** Verify that you have or are purchasing all required components. System requirements are available from RPB® or in product instruction manuals.
- Selecting inappropriate or incomplete equipment, including the use of counterfeit or non-RPB® parts, can result in inadequate protection and will void the NIOSH approval of the entire respirator.**
