

# **MOD-U-BLAST**

®

## **1.5 cu. ft. & 3.5 cu. ft. Blast Machines**

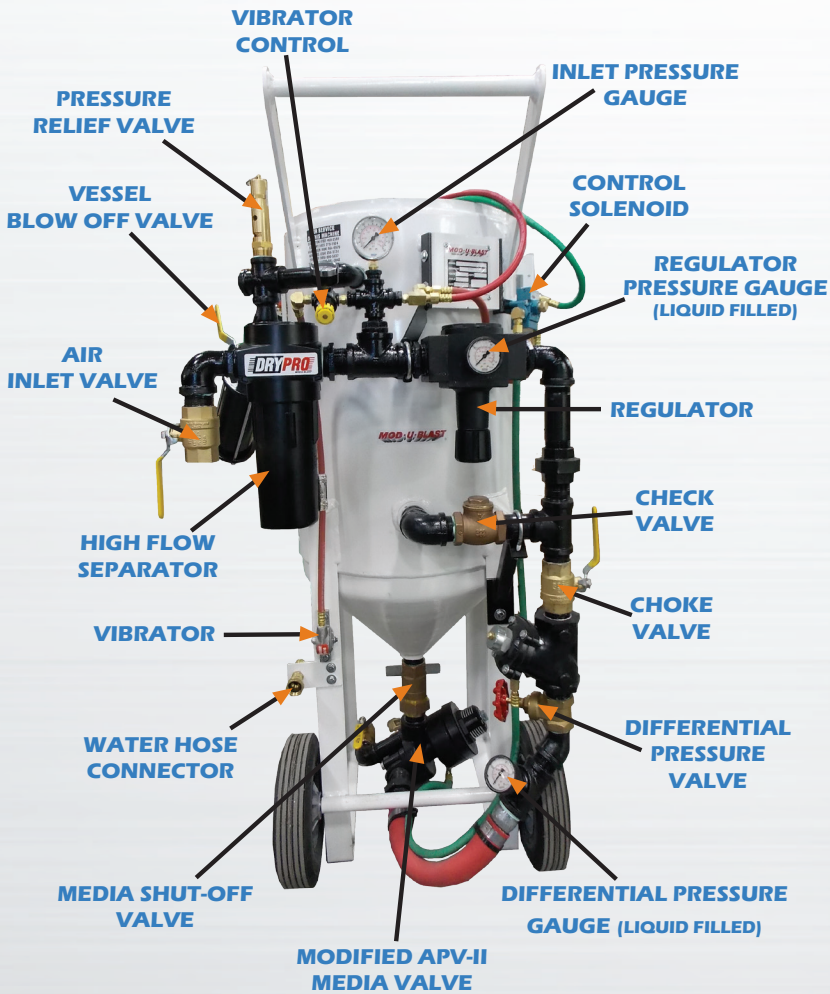

- The most economical, high production sodium bicarbonate delivery device in the industry. Available in two sizes: 1.5 Cu. Ft. & 3.5 Cu. Ft.

- Years of thorough testing and demonstration in various industries: pulp and paper, graffiti removal from most substrates, the printing industry for anilox roller cleaning, food processing facilities, fire restoration on brick, concrete & stone, automotive paint removal, brass, stainless steel cleaning and more!

- Mod-U-Blast® Soda Blast machines provide higher production capabilities and ease of maintenance. The units incorporate the new, innovative APV-II metering valve with a 4-port stainless steel metering orifice.

***Superior Performance***  
***& Quality in Blast Cleaning Equipment***
